

## 2008 Amada HFT 8025 (1539)

Stock No: 1539

|                             |                                             |
|-----------------------------|---------------------------------------------|
| <b>Model</b>                | Amada HFT 8025 downstoke<br>CNC Press brake |
| <b>Year</b>                 | 2008                                        |
| <b>Tonnage</b>              | 800 KN                                      |
| <b>Max. Bend Length</b>     | 2500 mm                                     |
| <b>Stroke Length</b>        | 200 mm                                      |
| <b>Approach Speed</b>       | 100 mm/sec                                  |
| <b>Bending Speed</b>        | 1 - 10 mm/sec                               |
| <b>Return Speed</b>         | 1-100 mm/sec                                |
| <b>Oil Capacity</b>         |                                             |
| <b>Motor Power</b>          |                                             |
| <b>Weight</b>               | 6250 kg                                     |
| <b>Dimensions</b>           |                                             |
| <b>Machine Length</b>       | mm                                          |
| <b>Machine Width</b>        | mm                                          |
| <b>Bed Length</b>           | 300 mm                                      |
| <b>Distance Between Bed</b> |                                             |
| <b>Bed Height</b>           | mm                                          |
| <b>Machine Height</b>       | mm                                          |
| <b>Open Height</b>          | 470 mm                                      |
| <b>Throat Depth</b>         | 420 mm                                      |

|                                  |                               |
|----------------------------------|-------------------------------|
| <b>CNC Control</b>               |                               |
| <b>Type</b>                      | CD 2000 CNC                   |
| <b>Controlled Axis</b>           | Y1, Y2, X, R + 3 finger stops |
| <b>Backguage Travel (X axis)</b> | 700 mm/s Max gauge 1000mm     |
| <b>Backguage Speed (X axis)</b>  | 300 mm/s (R Axis 250mm/s)     |
| <b>Backguage Repeatability</b>   | mm                            |
| <b>Display</b>                   |                               |

### Features and Benefits

**Warranty:** Parts and labour warranty available (UK).  
Installation and training.

**Availability:** Ex stock, Available to view.

**Condition:** Awaiting remanufacture in our Warehouse  
near Sandbach, Cheshire, UK. Jct17 M6.

**Price:** P.O.A
