

1988 ITP2 8025

Stock No: 1385

|                         |                 |
|-------------------------|-----------------|
| Model                   | Amada ITP2 8025 |
| Year                    | 1988            |
| Tonnage                 | 80 Tonnes       |
| Max. Bend Length        |                 |
| Stroke Length           | 100 mm          |
| Approach Speed          |                 |
| Bending Speed           |                 |
| Return Speed            |                 |
| Oil Capacity            |                 |
| Motor Power             |                 |
| Weight                  |                 |
|                         |                 |
| Dimensions              |                 |
| Machine Length          |                 |
| Machine Width           |                 |
| Max. Beam Length        |                 |
| Distance Between Frames |                 |
| Table Height            |                 |
| Machine Height          |                 |
| Open Height             |                 |
| Throat Depth            | 404 mm          |

|                           |        |
|---------------------------|--------|
| CNC Control               |        |
| Type                      |        |
| Controlled Axis           | 2      |
| Backguage Travel (X axis) |        |
| Backguage Speed (X axis)  |        |
| Backguage Repeatability   |        |
| Display                   | 9" CRT |

Features and Benefits

**Warranty:** Parts and labour warranty, installation and training available in the UK.  
**Availability:** Excellent. Available to view in our Warehouse near Sandbach, Cheshire, UK. Jct17 M6. Available to view under power.  
**Price:** P.O.A
